CONTINENTAL CAPITAL MANAGEMENT (PRIVATE) LIMITED

Financial Statements
For the year ended June 30, 2023

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF CONTINENTAL CAPITAL MANAGEMENT (PRIVATE) LIMITED ON THE AUDIT OF THE FINANCIAL STATEMENTS

Qualified Opinion

We have audited the annexed financial statements of Continental Capital Management (Private) Limited which comprise the statement of financial position as at June 30, 2023, and the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows, for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit except for the matter stated in the Basis for Qualified Opinion section of our report.

In our opinion, except for possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss and other comprehensive income, the statement of cash flows and the statement of changes in equity together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2023 and of the loss and its comprehensive loss, the changes in equity and its cash flows for the year then ended.

Basis for Qualified Opinion

We could not verify the existence and valuation of advance given against purchase of offices as on June 30, 2023, to the extent of Rs. 11.407 million, out of the total balance of Rs. 13.907 million as disclosed in note no. 6 to the financial statements.

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of Matter

Without qualifying our opinion, we draw attention of the members to note no. 8, 9, and 10 to the financial statements, disclosing provision for expected credit losses recognized on trade receivables, loans and markup receivable from related parties as on the reporting date.

Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the Directors' Report but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, the statement of financial position, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat is deductible at source under the Zakat and Ushr Ordinance, 1980.
- e) the Company was in compliance with the requirement of section 78 of the Securities Act 2015 and the relevant requirements of Securities Brokers (Licensing and Operations) Regulations 2016 as at the date on which the statement of financial statement was prepared.

The engagement partner on the audit resulting in this independent auditor's report is Mohammad Iqbal.

CONTINENTAL CAPITAL MANAGEMENT (PRIVATE) LIMITED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2023

1 THE COMPANY AND GENERAL INFORMATION

Continental Capital Management (Private) Limited (the Company) was incorporated in Pakistan on January 06, 2000 as a private limited company, under the Companies Ordinance, 1984 (now the Companies Act, 2017). The Company is a holder of Trading Right Entitlement Certificate (TREC) of the Pakistan Stock Exchange Limited - PSX. The principal business of the Company include share brokerage, money market transactions, underwriting and portfolio management. The registered office of the Company is situated at 7-10, Hina Palace, Hoshang Road, Karachi. The Company also executes its operations from 708, 7th Floor, Business and Finance Center, I.I. Chundrigar Road, Karachi.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. Accounting and reporting standards applicable in Pakistan comprise of International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (Act) and provisions of and directives issued under the Act. Where provisions of or directives issued under the Act differ from the IFRS Standards, the provisions of or directives issued under the Act have been followed.

Company falls under the category of medium size company, in accordance with the Third Schedule to the Act, however, the management has applied IFRS standards voluntarily for the fair and consistent presentation.

Preparation of financial statements also include disclosure required by Securities Brokers (Licensing and Operations) Regulations, 2016.

Further, disclosures of liquid capital (note no. 29) are prepared to meet the specific requirements of the Securities and Exchange Commission of Pakistan (SECP) in accordance with the guidelines given under the Second and Third Schedule to the Securities Brokers (Licensing and Operations) Regulations, 2016 (the Regulations) read with clarifications and guidelines issued by the SECP from time to time.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention except stated otherwise. Further, accrual basis of accounting is followed except for cash flow information.

2.3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pak Rupees, which is also the functional currency of the Company.

2.4 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the approved accounting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The areas where assumptions and estimates are significant to the Company's financial statements or where judgment is exercised in application of accounting policies are as follows:

Review of useful life and residual value of property and equipment (note 3.1 and 4);

Intangibles (note 3.2 and 5);

Assumptions and estimates used in calculating the provision for ECL on trade debts (note 3.4 and 8);

Assumptions and estimates used in calculating the provision for doubtful loans, advances and other receivables (note 3.6, 3.7, 6, 9 and 10);

Revenue recognition (note 3.13 and 20); and

Provision for taxation including deferred tax (note 3.14, 7 and 25).

2.5 Standards, interpretations and amendments to accounting and reporting standards as applicable in Pakistan which are effective in current period

The following standards, amendments and interpretations are effective for the year ended June 30, 2023. These standards, interpretations and amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures:

Effective for period beginning on or after

Amendments to IAS 16 'Property, Plant and Equipment': Amendments prohibiting a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use

January 1, 2022

Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets': Amendments regarding the costs to include when assessing whether a contract is onerous

January 1, 2022

Certain amendments updating a reference to the Conceptual Framework and annual improvements have also been made to a number of standards, which have not been enumerated here for brevity.

2.6 Amendments to standards and IFRS interpretations that are not yet effective

The following amendments to accounting standards and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, interpretations and amendments are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures:

Effective for period beginning on or after

Amendments to IFRS 9 'Financial Instruments: Disclosures' and IAS 7 'Statement of Cash Flows': Amendments regarding supplier finance arrangements

January 1, 2024

Amendments to IFRS 10 'Consolidated Financial Statements' and IAS 28 Effective from accounting 'Investments in Associates and Joint Ventures': Sale or contribution of period beginning on or after a assets between an investor and its associate or joint venture date to be determined. Earlier application is permitted.

Amendments to IFRS 16 'Leases': Amendments to clarify how a seller-lessee subsequently measures sale and leaseback transactions	January 1, 2024
Amendments to IAS 1 'Presentation of Financial Statements': Amendments regarding the disclosure of accounting policies	January 1, 2023
Amendments to IAS 1 'Presentation of Financial Statements': Amendments regarding the classification of liabilities and debts with covenants	January 1, 2024
Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors': Amendments regarding the definition of accounting estimates	January 1, 2023
Amendments to IAS 12 'Income Taxes': Amendments regarding deferred tax on leases and decommissioning obligations	January 1, 2023
Amendments to IAS 12 'Income Taxes': Amendments to provide a temporary exception to the requirements regarding deferred tax assets and liabilities related to pillar two income taxes	January 1, 2023

Certain amendments updating a reference to the Conceptual Framework and annual improvements have also been made to a number of standards, which have not been enumerated here for brevity.

Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been adopted locally by the Securities and Exchange Commission of Pakistan:

IFRS 1 - First Time Adoption of International Financial Reporting Standards IFRS 17 - Insurance Contracts

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Property and equipment

Owned

These are stated at cost less accumulated depreciation and accumulated impairment (if any). The depreciation is charged to income applying the reducing balance method at the rates specified in the relevant note to the financial statements. Depreciation is charged from the date when the depreciable assets are available for the intended use till the date preceding the date of disposal.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to statement of profit or loss during the financial year in which they are incurred.

Assets are derecognized when disposed off or when no future economic benefits are expected from its use or disposal. Gains or losses on disposal of assets, if any, are recognized in the statement of profit or loss, as and when incurred.

Right-of-use assets and lease liabilities

At the inception of the contract, the Company assesses whether a contract is, or contains, a lease based on whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Right-of-use assets are initially measured based on the initial amount of lease liabilities adjusted for any principle lease payments made at or before the commencement date, plus any initial direct costs incurred. These are subsequently measured at cost less accumulated depreciation and accumulated impairment losses, if any. These are depreciated on the same basis as owned assets at the rates as disclosed in note 4.1 to these financial statements. Where the ownership of the asset transfers to the Company at the end of the lease term or if the cost of the asset reflects that the Company will exercise the purchase option, depreciation is charged over the useful life of asset.

The related lease liabilities are initially measured at the present value of remaining lease payments at the commencement date, discounted using the interest rate implicit in the lease. If the implicit rate cannot be readily determined, the Company's incremental borrowing rate is used. The lease liabilities are subsequently measured at amortized cost using the effective interest rate method. They are remeasured when there is a change in future lease payments arising from a change in fixed lease payments or an index or rate, any change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its estimate of whether it will exercise a purchase or termination option. The corresponding adjustment is made to the carrying amount of the respective right-of-use asset, or is recorded in profit or loss if the carrying amount of that right-of-use has been reduced to zero.

The carrying values of tangible fixed assets are reviewed for impairment when event or changes in circumstances indicate that the carrying value may not be recoverable. If any such indication exists and where the carrying values exceed the estimated recoverable amount, the assets are written down to their recoverable amount.

3.2 Intangible assets

Membership Card - Pakistan Mercantile Exchange Limited and PSX Trading Booth

These are stated at cost less impairment, if any. These are not amortized due to the fact that these have an indefinite useful life. Useful life can not be ascertained as it is unknown that how long the member will hold the card and the booth. The carrying amount is reviewed at each reporting date to assess whether it is in excess of its recoverable amount, and where the carrying value exceeds estimated recoverable amount, it is written down to its estimated recoverable amount.

Trading Rights Entitlement Certificate (TREC)

This was initially measured at apportioned value of carrying value of surrendered card which is apportioned between TREC and shares of Pakistan Stock Exchange Limited (PSX). It is not amortized due to the fact that these have an indefinite useful life. Useful life can not be ascertained as it is unknown that how long the member will hold the TREC. Subsequent to its initial recognition, it is measured at cost less impairment, if any. Impairment test is done to assess whether the carrying value is in excess of its recoverable amount, and where the carrying amount exceeds the estimated recoverable amount, the carrying amount is written down to the estimated recoverable amounts.

Software and remote terminals

Software and remote terminals are stated at cost less accumulated amortization and any identified impairment loss. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the asset will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to profit or loss during the financial year in which they are incurred.

Amortization is charged to statement of profit or loss account by applying the reducing balance method at the rates specified in the relevant note. Amortization is charged from the date when the amortizable assets are available for the intended use till the date preceding the date of disposal.

The carrying values of intangible assets are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. If any such indication exists and where the carrying values exceeds the estimated recoverable amount, the assets are written down to their recoverable amount.

3.3 Financial assets and liabilities

3.3.1 Initial recognition

All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given or received plus or minus transaction costs (except financial asset at FVTPL where transaction costs are charged to profit or loss). These are subsequently measured at fair value or amortized cost as the case may be.

3.3.2 Classification of financial assets

The Company classifies its financial instruments in the following categories:

- at amortized cost.
- at fair value through other comprehensive income ("FVTOCI"), or
- at fair value through profit or loss ("FVTPL").

The Company determines the classification of financial assets at initial recognition. The classification of instruments (other than equity instruments) is driven by the Company's business model for managing the financial assets and their contractual cash flow characteristics.

Financial assets at amortized cost

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Trading Rights Entitlement Certificate (TREC)

This was initially measured at apportioned value of carrying value of surrendered card which is apportioned between TREC and shares of Pakistan Stock Exchange Limited (PSX). It is not amortized due to the fact that these have an indefinite useful life. Useful life can not be ascertained as it is unknown that how long the member will hold the TREC. Subsequent to its initial recognition, it is measured at cost less impairment, if any. Impairment test is done to assess whether the carrying value is in excess of its recoverable amount, and where the carrying amount exceeds the estimated recoverable amount, the carrying amount is written down to the estimated recoverable amounts.

Software and remote terminals

Software and remote terminals are stated at cost less accumulated amortization and any identified impairment loss. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the asset will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to profit or loss during the financial year in which they are incurred.

Amortization is charged to statement of profit or loss account by applying the reducing balance method at the rates specified in the relevant note. Amortization is charged from the date when the amortizable assets are available for the intended use till the date preceding the date of disposal.

The carrying values of intangible assets are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. If any such indication exists and where the carrying values exceeds the estimated recoverable amount, the assets are written down to their recoverable amount.

3.3 Financial assets and liabilities

3.3.1 Initial recognition

All financial assets and liabilities are initially measured at cost which is the fair value of the consideration given or received plus or minus transaction costs (except financial asset at FVTPL where transaction costs are charged to profit or loss). These are subsequently measured at fair value or amortized cost as the case may be.

3.3.2 Classification of financial assets

The Company classifies its financial instruments in the following categories:

- at amortized cost.
- at fair value through other comprehensive income ("FVTOCI"), or
- at fair value through profit or loss ("FVTPL").

The Company determines the classification of financial assets at initial recognition. The classification of instruments (other than equity instruments) is driven by the Company's business model for managing the financial assets and their contractual cash flow characteristics.

Financial assets at amortized cost

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through OCI

Financial assets that meet the following conditions are subsequently measured at FVTOCI:

- a) the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

However, Company may make an irrevocable election at initial recognition for particular investments in equity instruments that would otherwise be measured at fair value through profit or loss to present subsequent changes in fair value in other comprehensive income provided that the investment is neither held for trading nor its a contingent consideration in a business combination.

Financial assets at fair value through profit or loss

A financial asset is measured at fair value through profit or loss unless it is measured at amortized or at fair value through OCI.

3.3.3 Classification of financial liabilities

The Company classifies its financial liabilities in the following categories:

- at fair value through profit or loss ("FVTPL"), or
- at amortized cost.

Financial liabilities are measured at amortized cost, unless they are required to be measured at FVTPL (such as instruments held for trading or derivatives) or the Company has opted to measure them at FVTPL.

3.3.4 Subsequent measurement

Financial assets at FVTOCI

These are measured at fair value, with gains or losses arising from changes in fair value recognized in OCI.

Financial assets and liabilities at amortized cost

Financial assets and liabilities at amortized cost are subsequently carried at amortized cost, and in the case of financial assets, less any impairment.

Financial assets and liabilities at FVTPL

Realized and unrealized gains and losses arising from changes in the fair value of the financial assets and liabilities held at FVTPL are included in the statement of profit or loss and other comprehensive income in the period in which they arise. Where management has opted to recognize a financial liability at FVTPL, any changes associated with the Company's own credit risk will be recognized in other comprehensive income / (loss). Currently, there are no financial liabilities designated at FVTPL.

3.3.5 Impairment of financial assets at amortized cost

The Company recognizes a loss allowance for expected credit losses (ECLs) on financial assets that are measured at amortized cost. Loss allowances are measured on the basis of life time (ECLs) that result from all possible default events over the expected life of a financial instrument.

Lifetime ECL is only recognized if the credit risk at the reporting date has increased significantly relative to the credit risk at initial recognition. Further, the Company considers the impact of forward looking information (such Company's internal factors and economic environment of the country of customers) on ECLs. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity and the cash flows that the Company expects to receive).

Provision against financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

3.3.6 Derecognition

Financial assets

The Company derecognizes financial assets only when the contractual rights to cash flows from the financial assets expire or when it transfers the financial assets and substantially all the associated risks and rewards of ownership to another entity.

On derecognition of a financial asset measured at amortized cost, the difference between the asset's carrying value and the sum of the consideration received and receivable is recognized in profit or loss.

In addition, on derecognition of an investment in a debt instrument classified as at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to profit or loss.

In contrast, on derecognition of an investment in equity instrument which the Company has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to profit or loss, but is transferred to revenue reserve.

Financial liabilities

The Company derecognizes financial liabilities only when its obligations under the financial liabilities are discharged, cancelled or expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognized in the statement of profit or loss and other comprehensive income.

3.3.7 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when there is a legally enforceable right to set off the recognized amount and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

3.4 Trade debts

Trade debts are recognized initially at fair value and subsequently measured at amortized cost after deducting allowance for uncollectable amounts, if any. The Company applies the IFRS 9 simplified approach to measure the expected credit losses (ECL) which uses a lifetime expected loss allowance for trade and other receivables. The Company has established an ECL policy based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. Precisely, provision for ECL is made for clients, having balances overdue for more than 5 days in excess of fair value of shares in the sub-account of that particular client after applying VAR based hair cut.

3.5 Deposits and prepayments

Deposits are carried at cost and subsequently measured at amortized cost. Prepayments are carried at amounts disbursed which is the value to be adjusted in future.

3.6 Advances

Advances are carried at cost which is the fair value of the consideration to be adjusted. Provision is made against balances considered doubtful balances. Balances considered irrecoverable are written off.

3.7 Loans and other receivables

Loans and other receivables including markup receivable are recognized initially at fair value and subsequently measured at amortized cost. Provision is made on the basis of lifetime ECLs that result from all possible default events over the expected life of the account balances. Balances are written off when considered irrecoverable.

3.8 Fiduciary assets

Assets held in trust or in a fiduciary capacity by the company are not treated as assets of the company and accordingly are not included in these financial statements.

3.9 Cash and cash equivalents

It comprises of cash in hand and cash at bank which are carried at cost and subsequently measured at amortized. For the purpose of cash flow statements, cash and cash equivalents include cash held with the banks.

3.10 Provisions

Provisions are recognized when the Company has a present (legal or constructive) obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

3.11 Contingent liabilities

Contingent liability is disclosed when:

- there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company; or
- there is present obligation that arises from past events but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

3.12 Contingent assets

Contingent assets are disclosed when there is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognized until their realization become virtually certain.

3.13 Revenue recognition

- Revenue from brokerage services

Commission income is measured based on the consideration specified in a contract with a customer and is recognized when providing services to a customer at a point in time when the performance obligations are met. The transaction price of Company's contracts with customers for transferring the services does not include any variable consideration, any significant financing component, any non cash consideration or any consideration payable to its customers.

27.2 Financial risk management

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (interest / mark-up rate risk and price risk). The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance. Overall, risks arising from the Company's financial assets and liabilities are limited. The Company consistently manages its exposure to financial risk without any material change from previous period in the manner described in notes below.

The Company has exposures to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk
- Operational risk

The Board of Directors has overall responsibility for the establishment and oversight of Company's risk management framework. All treasury related transactions are carried out within the parameters of these policies.

27.3 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Credit risk arises from the inability of the issuers of the instruments, the relevant financial institutions or counter parties in case of placements or other arrangements to fulfill their obligations. There is a possibility of default by participants and of failure of the financial markets, the depositories, the settlements or clearing system etc.

Exposure to credit risk

Credit risk of the Company arises principally out of receivables from customers, loans, deposits and other receivables. To reduce the exposure to credit risk, the Company has developed its own risk management policies and guidelines whereby clients are provided trading limits according to their worth and proper margin are collected and maintained from the clients. The management continuously monitors the credit exposure towards the clients and makes provision against those balances considered doubtful of recovery.

The carrying amounts of financial assets represent the maximum credit exposure, as specified below:

		2023	2022
	Note	Rupees	Rupees
		ŷ.	
Long term deposits	6	1,592,200	1,592,200
Trade debts - gross	8	16,889,279	38,874,516
Short-term loans	9	71,528,112	86,807,156
Deposits and other receivables - gross	10	105,774,935	89,032,415
Bank balances	13	595,640	268,960
		196,380,166	216,575,247
Trade Debts The aging of trade debtors as on the reporting date was:			
Past due 1-5 days		835,467	274,166
Past due more than 5 days		16,053,812	38,600,351
		16,889,279	38,874,516
Less: Provision for expected credit losses	8.3	(7,600,330)	(28,213,414)
		9,288,949	10,661,102
Securities available for overdue receivables of more		0.150.400	2 254 555
than 5 days after applying VAR based haircut		8,453,483	2,274,777

Based on the consideration of financial position of the clients including the related parties, the Company considers the amount to be fully recoverable. However, based on accounting policy for recognizing ECL on unsecured receivables, as disclosed in note no. 3.4 to these financial statements, the management has recognized ECL as disclosed above.

Short-term loans and markup receivable thereon Ageing of short-term loans from related parties as on the reporting date was:

	Loan Receivable		Ma	Markup Receivable	
	Magic works (Pvt.) Ltd.	General Services	General Services	Magic works (Pvt.) Ltd.	Director
			Rupees		
Overdue for					
3 months	35,059,164	-	-	3,991,168	-
3-6 months	24,786,898	-	-	3,391,924	-
6-12 months	23,364,088	240,804	235,834	7,410,257	~
Over due 1 year	-	502,906	1,601,468	44,364,603	33,619,811
Gross receivable	83,210,150	743,710	1,837,302	59,157,952	33,619,811
Less: Provision for ECL	(14,303,015)	(347,775)	(895,068)	(25,824,789)	(16,809,906)
	68,907,135	395,935	942,234	33,333,163	16,809,906

Based on the consideration of the financial position of the related parties, while the related parties are under common management and control, the Company considers the amount to be fully recoverable, however, based on the accounting policy for recognizing ECL, as disclosed in note no. 3.7 to these financial statements, the management has recognized ECL as disclosed above.

Credit Rating of Company's Banks

The credit quality of Company's bank balances can be assessed with reference to external credit rating as follows:

	D 4' 4-5	Credit	Credit rating	
Name of banks	Rating Agency	Long-term	Short-term	
Private sector commercial banks				
Bank Alfalah Limited	PACRA	AA+	A1+	
Askari Bank Limited	PACRA	AA+	A1+	
Bank Al-Habib Limited	PACRA	AAA	A1+	
United Bank Limited	VIS	AAA	A-1+	
JS Bank Limited	PACRA	AA-	A1+	
Habib Metropolitan Bank Limited	PACRA	AA+	A1+	
Soneri Bank Limited	PACRA	AA-	A1+	
Summit Bank Limited	VIS	Suspended	Suspended	
Meezan Bank Limited	VIS	AAA	A-1+	
MCB Islamic Bank Limited	PACRA	A	A1	
Dubai Islamic Bank	VIS	AA	A-1+	
MCB Bank Limited	PACRA	AAA	A1+	

Other financial assets do not require any provision for expected credit losses (ECL) as these mainly comprise of regulatory deposits with the NCCPL.

28.3 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of adequate funds through committed credit facilities and the ability to close out market positions due to dynamic nature of the business. Company finances its operations through equity, working capital and running finance facility from banks with a view to maintaining an appropriate mix between various sources of finance to minimize risk.

The following are the contractual maturities of financial liabilities, including estimated interest payments:

	2023				
√²	Carrying Amount	Contractual cash flows	Up to one year	More than one year	
Financial liabilities	Rupees				
Lease liabilities including current portion	814,860	1,009,219	741,802	267,417

Lease liabilities including current portion	1,854,133	2,215,861	1,306,642	909,219	
Trade and other payables	710,190	710,190	710,190	× =	
Accrued markup	306,678	306,678	306,678	-	
Short-term borrowing	4,266,529	4,266,529	4,266,529		
	7,137,530	7,499,258	6,590,039	909,219	

28.4 Market risk

Market risk means that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates, interest rates and equity prices. The objective is to manage and control market risk exposures within acceptable parameters, while optimizing the return. Market risk comprises of three types of risk: foreign exchange or currency risk, interest / mark up rate risk and price risk. As on the reporting date, the Company is only exposed to interest rate risk and price risk, which are discussed as under:

Interest / mark up rate risk

Interest / mark-up rate risk is the risk that value of a financial instrument or future cash flows of a financial instrument will fluctuate due to changes in the market interest / mark-up rates.

At the reporting date, the interest rate profile of the Company's significant interest bearing financial instruments was as follows:

	2023	2022	2023	2022
	T		Carrying a	mounts
	Interes	t rate	Rupees	Rupees
Financial assets				
Towns to male to describe	3 Month	3 Month		
Loans to related parties	Kibor + 2.5%	Kibor + 2.5%	83,953,860	84,582,115
Financial liabilities				
Lease liabilities	15.02%	15.02%	(814,860)	(1,854,133)
	3 Month	3 Month		
Short-term borrowing	Kibor + 2.5%	Kibor + 2.5%		(4,266,529)
Net Exposure		-	83,141,020	78,463,472
		_		

Cash flow sensitivity

A change of 100 basis points in interest rates at the reporting date would have increased / (decreased) profit and equity for the year by the amounts shown below. The analysis assumes that all other variables remain constant. The analysis is performed on same basis for the corresponding period:

	Rupees	
·	Interest Rai	te 100 bp
Cash flow Sensitivity	Increase	Decrease
For the year ended June 30, 2023	831,410	(831,410)
For the year ended June 30, 2022	784,635	(784,635)

Price risk

Price risk is the risk that the fair value of future cash flows from a financial instrument will fluctuate due to changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

	Note	2023 Rupees	2022 Rupees
Short-term investments	11 _	16,619,698	26,540,001

Sensitivity analysis

At reporting date, if the market prices of each security held by the Company as short term investment had increased / decreased by Rupee 10% with all other variables remain constant, Company's unrealized gain / (loss) on remeasurement of investment carried at fair value through profit or loss. The analysis is performed on same basis for the corresponding period:

	Profit ar	Profit and loss		
	Increase	Decrease		
For the year ended June 30, 2023	1,661,970	(1,661,970)		
For the year ended June 30, 2022	2,654,000	(2,654,000)		

28.5 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with processes technology and infrastructure supporting the company's operations either internally within the Company or externally at the Company's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behavior. Operational risk arising formal the company's activities.

The Company's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns for investors.

The primary responsibility for the development and implementation of controls over operational risk rests with the board of directors. The responsibility encompasses the controls in the following areas:

- *i* Requirements for appropriate segregation of duties between various functions, roles and responsibility;
- *ii* Requirements for the reconciliation and monitoring of transactions;
- iii Compliance with regulatory and other legal requirements;
- iv Documentation of control and procedures;
- Requirements for the periodic assessment of operational risk faced, and the adequacy of controls and procedures to address the risk identified;
- vi Ethical and business standards;
- vii Risk mitigation, including insurance where this is effective.

28.6 Risk management policies

Risk management is carried out by the management under policies approved by board of directors. The board provides principles for overall risk management, as well as policies covering specific areas like market price risk, interest rate risk and investing excessive liquidity.

28.7 Capital risk management

The primary objective of the Company's capital management is to ensure that it maintains healthy capital ratios in order to support its business sustain future development of the business and maximize shareholders value. The Company closely monitors the return on capital along with the level of distributions to ordinary shareholders. No changes were made in the objectives, policies or processes since the corresponding period.

Capital is monitored on the basis of gearing ratio. This is calculated as net debt divided by total capital plus net debt. Net debt is calculated as total borrowings from financial institutions including accrued markup less cash and bank balances:

	Note	2023 Rupees	2022 Rupees
Lease liabilities including current portion	15.1	814,860	1,854,133
Short-term borrowings	18	-	4,266,529
Accrued markup		-	306,678
Less: Cash and bank balances	13	(595,640)	(268,960)
Net Debt	A	219,220	6,158,380
Total shareholders' equity	В	195,199,739	243,840,588
Total Capital + Net Debt	C = A + B	195,418,959	249,998,968
Gearing Ratio	$\mathbf{D} = \mathbf{A} / \mathbf{C}$	0.11%	2.46%
	=		

28.8 Fair value of financial instruments

The carrying values of the financial assets and financial liabilities approximate their fair values. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in arm's length transaction.

Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows: -

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable).

	Level 1	Level 2	Level 3
